# BCSD-guest wireless network setup

These instructions are intended for guest users' technology, it is not intended for use on district owned computers. District owned computer should be configured by following the instructions related to the BCSD Staff (BCSDLT) network.

This documentation was written for Windows XP. Although the steps will differ slightly, the configuration is similar on newer Windows and Non-Windows based computers.

Begin by double clicking the wireless network adapter Icon (below), and then the menu below will open

In the "Wireless Network Connection Status" window, click on "**View Wireless Networks**" and the list on the right should appear. Select the "**BCSD-Guest**" SSID and click "**Connect**".

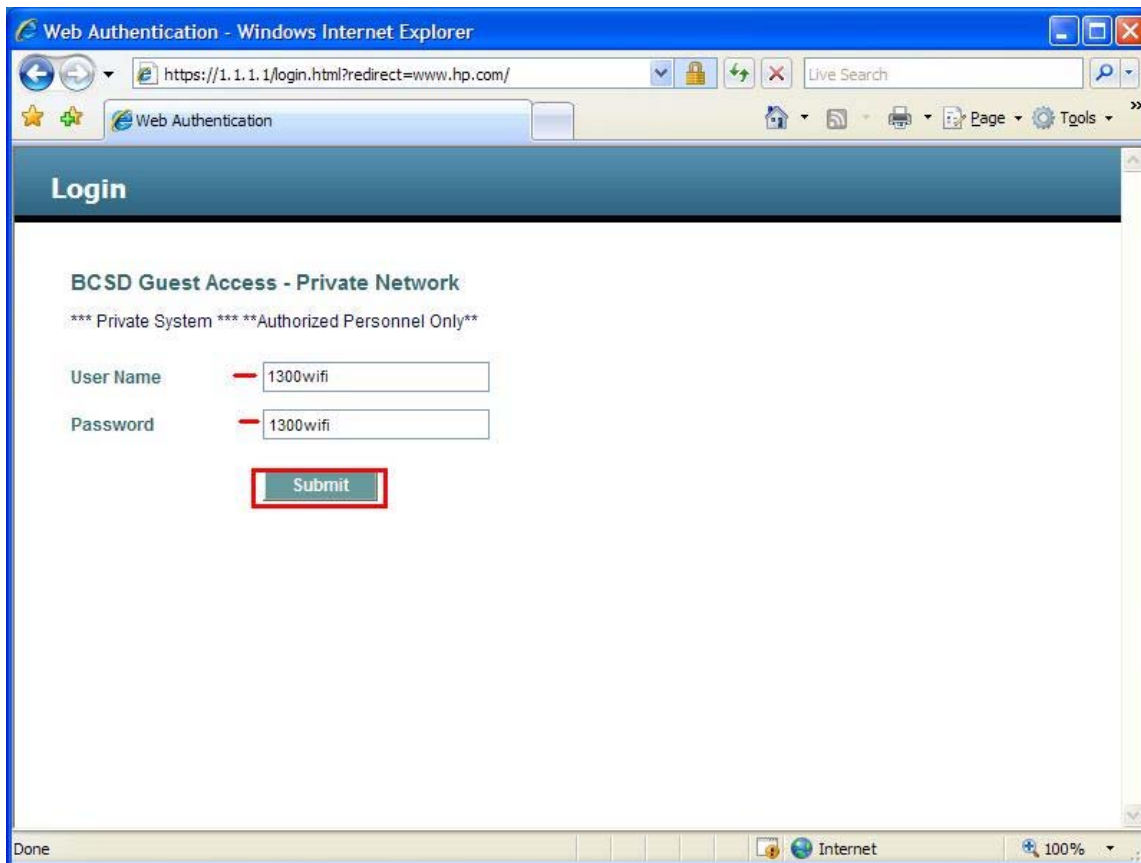

You will be now be prompted for a network key. The network key is "**guest**", all lowercase. You will need to type "**guest**" a second time to confirm.

If you connect successfully, the word "**connected**" should now be displayed to the right of the "**BCSD-Guest**" network. You can now close the wireless network connection windows and open Internet Explorer

The first time you open your internet browser after connecting to the guest network, you will be redirected to the login page below. If you are a district employee you can login with your e-mail username and password. If your e-mail address is "smithj@bcsd.com" your user name is "smithj". Once you have entered your username and password click "submit ".

Vendors and guests can login by using the guest account for the site they are visiting. For the username enter the school's site number plus the text "wifi" for both the username and password.

Example: Evergreen is site number 15, so the username is: **15wifi** and the password is: **15wifi**

The Education Center, M.O.T, and Williams street locations utilize multiple site numbers. For these locations use the physical/street address plus the text "wifi".

Example: The Education Center is at 1300 Baker St., the username is : **1300wifi** and the password is: **1300wifi**

The username and password are case sensitive for site guest accounts, please use all lowercase.
